LEADER OF AMERICA'S CRUSADERS IN WORLD WAR ARRIVES HOME

BY FRANK CHARLTON.

New York, Sept. 8.—General John J. Pershing, commander of America's 2,000,000 victorious crusaders, hero of the world war, responsible head of the army that turned the tide of battle at Verdun and St. Mihiel, came home today in triumph, after more than two years in France.

In behalf of a grateful nation, New York, in holiday dress, welcomed him with joyous pride and unrestrained emotion, giving vent to its enthusiasm by all of the time honored means that men have to exalt a chosen personage and pay just tribute to distinguished national service.

General Pershing stood in simple human wonderment as his countrymen proclaimed his valor, obviously deeply touched by the sight of these hundreds of thousands waving hands and the discordant sound of thundering peace guns, shrieking sirens and madly cheering people, a true American "hot time," in contrast with the magnificent post-war demonstrations that the commander of the American expeditionary forces had figured in when Paris and London celebrated victory.

A deep, red flush on his weather-beaten cheeks bespoke his good health and his blue eyes sparkled in evidence of his spirited happiness. He gave himself into the hands of his legion of friends in good humor and while every outward evidence of the demonstration around him was significant of reciprocal delight, nevertheless General Pershing at times turned, sober, drew his military shoulders to rigid lines, and responded with true sense the tragedy underlying this gaiety, when some tear-stained mother or father pressed forward and grasped his hand.

The three day celebration, which will come to an end with a monster parade and review of the First Division, began at dawn today when a fleet of boats bearing distinguished personages and a flotilla of airplanes went down the bay to give the first greeting to the home-coming hero.

A police reserve hydroplane flew over the Leviathan—the transport which brought the general back to his home land—just at daybreak and dropped a message from Mayor Hylan, extending formal invitation to New York City.

The weather was warm, foggy and humid, but the sun was making sturdy effort to push through the clouds. There was a sea breeze down the bay that stiffened the flags on the ships in the harbor, but in the city the banners and bunting drooped from the staffs in limp folds.

"Welcome home, General Pershing," was the electric current that pulsed through the whole city. It spoke in the roaring salutes from the guns down the bay, in the crash of brass band music on harbor craft, while the Leviathan was steaming slowly by the Statue of Liberty and in the cheers and staccato toots of sirens while the great transport was warping into her pier.

The transport passed Sandy Hook at 7:12 o'clock, steaming very slowly through the thick, misty weather. She slowed down, waiting for the tide, but was soon under way again.

The first welcoming committee to

come up with the Pershing ship was that representing the United States army. It was closely followed by the municipal steamer, Correction, bearing Mayor Hylan and committee, the committee of prominent citizens representing President Wilson and Secretary of War Baker.

There was a tumultuous scene when the Leviathan passed the Statue of Liberty at 20 minutes to eight. The flotilla of boats that was escorting the big troop transports with whistles and sirens in earnest, causing a deafening din over the upper bay. Battery park, despite the earliness of the hour, was crowded and thousands of persons employed in office buildings overlooking the harbor and North river, got to work ahead of time to watch the incoming transport from the windows.

At ten minutes of eight the Leviathan swept by Battery park, turning northward in North river on the final leg of her long and historic journey from Brest.

General Pershing, standing on the deck, proudly erect at the noble picture before his eyes, showed visible emotion.

"I am happy to be home," said he simply to friends standing at his side. He looked again at the towering skyline, gaunt and majestic in the gray mist of the morning, and added:

"It is a glad moment."

In the meantime, the whistles on shore had taken up the serenade from the water craft. Bells were tolled. Those who had equipped themselves with horns and other noise-making devices, joined the chorus. Cheers rolled along the water front. And as a background, deep and booming and rumbling, was the great siren which had been set up during the war to warn the city of any attempted German raid.

While New York was on the stage for the drama, the glory of the moment belonged to the whole nation. In the crowds which filled Battery park from the water front and which jammed the streets about pier No. 4, in Hoboken, and crammed the streets of New York City, were people from California, Maine, Texas, Minnesota, Louisiana, Montana and—but one might go on until the whole 48 states were named. It was a national welcome—a welcome in which the country's heart went out.

Thousands of doughboys joined in the greeting. Everywhere the khaki was in evidence. They yelled and cheered and showed generally by the volume of their noise, that they were all mighty glad to have their leader safe back home again.

The form of greeting ran the gamut—from old timers who knew the distinguished warrior as "Jimmy," or "Black Jack," to the dignified officials who stood somewhat in awe of America's first permanent army general.

PERSHING GETS COMMISSION.

New York, Sept. 8.—General Pershing's commission as a permanent general in the United States army was handed to him by Secretary Baker as soon as he stepped from the Leviathan at Hoboken. The general accepted it with a few words of thanks and then handed it to his son.

Boston, Sept.—A move that is likely to lead to a strike of Boston policemen was made today by Commissioner Edwin U. Curtis when he ruled that the 19 men who recently organized a union affiliated with the American Federation of Labor had violated regulations. He said he would make disposition of their cases at roll call tonight.

The policemen prepared to take a strike vote this afternoon and tonight, while radical organized labor leaders declared that the organized telephone operators and teamsters would go out in sympathy with them.

GRAND OLD VETS FLOCK TO OHIO'S CAPITAL CITY

Columbus, Ohio, Sept. 8.—All night and early today special trains brought thousands of Civil war veterans to this city from every state in the union to attend the National G. A. R. encampment. All night the reception booth in the state house yard was open to receive the visitors, many of whom were accompanied by their wives. Today more rooms and more automobiles for the visitors have been appealed for and it is estimated by former governor, Campbell, chairman of the reception committee, that more than 10,000 soldiers arrived since Sunday morning.

"It was not like this in our day," said a tired visitor from California, as he came up from the train and was greeted by the steaming coffee at the Red Cross canteen. The Red Cross is on the job 24 hours a day.

And it is a "young-old" host that is here for the festivities of the week. They are here to enjoy all of the good things that Ohio's capital has to offer. Sunday thousands were taken in automobiles over the interesting highways which surround the city and deep interest was shown, especially at the government storage depot, which covers many acres.

There are many interesting characters among the visitors. Benjamin Wooley, of Portland, Ore., is the father of 24 children. He is en route with his two youngest—McKinley and Roosevelt Wooley.

Boys who were "kids" in '61 will today form the "kid" brigade." W. W. Gist, Cedar Falls, Ia., as 15 years of age when he entered the union army and he is the instigator of the plan. "Johnny" Clem will be one of the "kids."

Today will be routine day at the encampment. The executive and credentials committee will meet and tonight at Memorial hall when a reception will be held.

SENATOR REED OPENS DRIVE AGAINST LEAGUE

Akron, O., Sept. 8.—Addressing a crowd that packed the Armory here yesterday afternoon Senator James A. Reed, Missouri, leading Democratic opponent of the League of Nations covenant, opened the drive of those opposed to the league to counteract the influence of President Wilson's swing around the circle.

He devoted a large part of his address to answering the statements made by the president whom he charged:

"Substitutes fancies for facts; confuses the phantasms of his dreams for the actualities of life; mistakes the visions of ambition for the inspiration of idealism and imagines that phrases can take the place of realities."

The question of the League of Nations covenant, he declared, "is one of deepest gravity," and should be "settled by a sober appeal to reason."

"He denounces secret treaties," declared the Missouri Senator, referring to the president, "when every clause of his sacred covenant is founded upon the ratification and confirms these iniquities."

"He preaches open covenants openly arrived at and vet goes into secret conclaves and takes over the cable lines to perfect his plans."

"He refuses to answer concerning his vote on racial equality on the plea that disclosing those secrets would cause international embarrassment when the facts are he voted for Japan on racial equality."

AUTO TURNS TURTLE OVER EMBANKMENT

Although his machine turned turtle over a ten foot embankment along the Burlington and Harveysburg road Sunday morning between 9 and 10 o'clock, Rev. Jesse Hawkins, pastor of the Friends' Church at New Burlington, escaped without injury.

Rev. Hawkins was driving his enclosed Ford to Harveysburg to preach at the church there, when he lost control of it in the loose gravel newly placed on the Buck Creek hill. The machine backed down the hill and over the embankment turning completely upside down and pinning Mr. Hawkins underneath.

The accident was witnessed by S. D. Cox of near Buck Creek and his brother-in-law, J. L. Miller of Springfield, who hastened to the assistance of Rev. Hawkins and righted his machine. Rev. Hawkins was without the top of the machine was crushed and the glass shattered.

It is said that the scene of the accident is a dangerous location, as there is a steep embankment of 10 to 12 feet at the side of the road along the hill and no railings or fences along the road edge.

PROHIBITION LEADERS EXPECT TO SOON HAVE BILL READY TO SIGN

Washington, Sept. 8.—House and senate prohibition leaders planned today to have the enforcement bill ready for the president's signature by the time he returns from his "swing around the circle." They will endeavor to have the measure rushed through conference with the least possible delay as a means of thwarting any attempt of the "wets" to gather their forces for a campaign looking to a veto of the bill.

This measure, which covers both wartime and constitutional prohibition has passed both the house and the senate, the upper body having modified several of the more drastic provisions of the bill so passed by the house.

PRESIDENT IS MUCH PLEASED WITH HIS TRIP

BY JOHN EDWIN NEVIN.

Omaha, Neb., Sept. 8.—Well "in his stride" President Wilson today resumed his western campaign to arouse public sentiment in favor of the ratification of the Versailles treaty of peace. The president had had a very quiet day in Des Moines and declared as his train sped across Iowa toward Missouri that he "was in fine fettle."

His stop here was to be limited to two hours and then he was to start northward for a night pause at Sioux Falls and a very strenuous day in the twin cities territory on Tuesday. His train reached Omaha at 4 o'clock this morning but was side tracked so that his sleep would be unbroken.

The president's schedule has been worked down to a system as the result of his first three days experience. From now on he will elaborate on the ground-work of arguments that he had presented in Columbus, in Indianapolis, in St. Louis, Kansas City and Des Moines.

These speeches presented the administration side of the reasons why the treaty should be ratified. They will be given with somewhat more detail as the president swings farther west.

There will be added at St. Paul tomorrow a declaration by the president that the existing high cost of living must continue at least in part, until the treaty is ratified and business gets back on a peace basis.

When he starts through the "sagebrush" territory he will elaborate on the necessity for the carrying out to a complete conclusion the plans initiated at the international labor conference held in connection with the peace conference in Washington.

HERBERT HOOVER SAYS HE WILL NOT ENTER POLITICS

London, Sept. 8.—Herbert Hoover, former director of the interallied food relief commission in Europe, before leaving for the United States on the liner Equitania emphatically denied that he is going into politics when he reaches home. Mr. Hoover declared also that he is not coming back to Europe despite the efforts of allied statesmen who wished him to return and continue his splendid efforts at relief.

"No," exclaimed the famous American food expert with emphasis when asked about reports from Paris and Washington that he might enter politics and possibly be a candidate for the presidential nomination.

"I am not thinking anything about politics,"

The man who kept the wolf from Europe's door for so long looked tired and worn out, but was plainly elated at the possibility of getting to his home shores soon.

"I am not coming back to Europe again under any circumstances," he said. "Possibly I may never see Europe again. I have stopped off here just long enough to wind up some personal affairs."

"I am through with food. My offices have been dissolved and the work turned over to a commission. When I reach New York I am going to California at the earliest possible moment. I want a rest—I need it. There is no truth in the report that I am coming back to Europe."

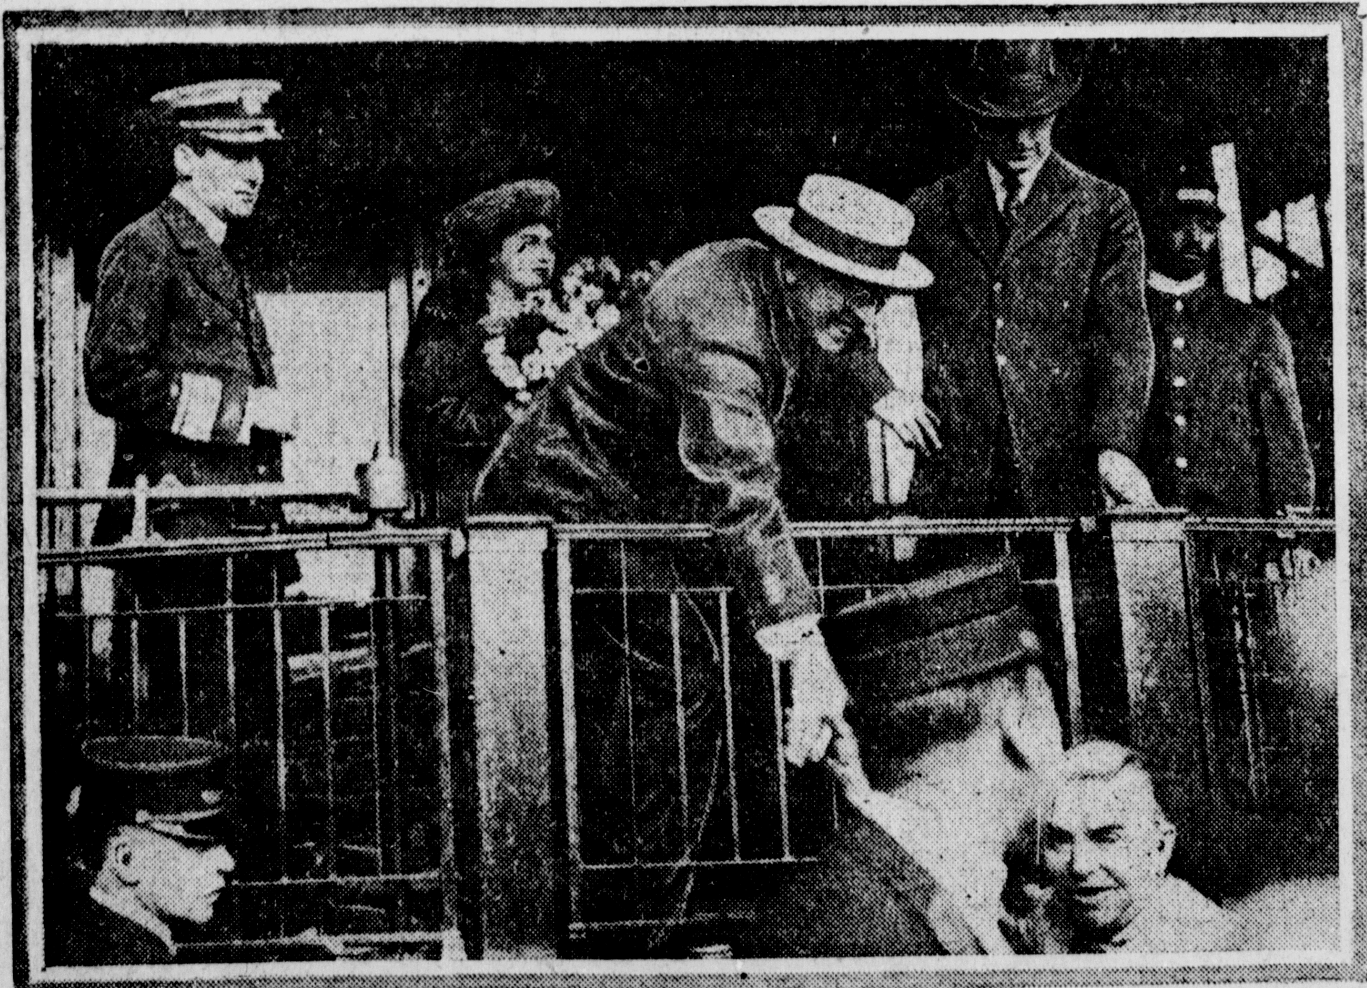

"I have been asked to retain my official position here, several nations asked me to remain, but I am through."

"I don't know if I ever shall come back for private reasons or not. I have never thought about it and I do not want to think about it now. All I want to do is to forget about food and famine and Europe's affairs for a while."

INVADING ARMY OF MINERS BACK HOME

Charleston, W. Va., Sept. 8.—The miners who formed the army of invasion which started on Saturday for the Guyan Coal fields in Logan county to enforce the unionization of non-union workers there were back in their own communities today and it was believed that there will be no more trouble.

Threats of Governor John J. Cornwell that federal troops would be sent into the region caused the men to stop their march. Frank Keeney, one of the officials of the United Mine Workers who carried the message of the chief executive to the camps, pleaded with the men to return home. Three special trains brought all back but about 300. These men refused to entrain and marched back.

Work was resumed in most of the mines in this district today.

The CALORIC heats all types of homes up to eighteen rooms, also churches, stores, factories, halls and other buildings. It burns coal, coke, wood, gas or lignite, and, because of special patented features, saves from 1/3 to 1/2 your fuel. The CALORIC is sold under the Monitor Iron-Clad Guarantee, which insures the purchaser thorough and economical heat.

PRETTY AFFAIR GIVEN FOR GUEST

On Friday afternoon, Miss Bernice Harper entertained at her home in Yellow Springs, a company of girls in honor of Miss Jeanette Frease, of Stoutsville, who was a college chum at Ohio Wesleyan.

The girls spent the early part of the afternoon with their needle work and later games and music were enjoyed. Daisies were the decorations used about the rooms giving a suggestion of waning summer. Dainty refreshments of ices and cakes were served.

Miss Frease returned to her home Friday after spending several days at the Harper home.

EVERYDAY ETIQUETTE

"When is it proper for a young man to raise his hat to a woman?" asked Jack.

"A man should always raise his hat when he acknowledges a woman's bow, when walking with a lady and either one meets a friend, when he passes a man friend accompanied by a woman, when offering his seat to a woman, when drawing to one side to allow a woman to pass, when giving information asked by a woman, when restoring anything she has dropped and when the woman he is with receives a courtesy from another man," were his father instructions.

BIG KNOTS CAME IN HIS MUSCLES SAYS LIMA MAN

Rheumatism Caused Great Suffering; Was Constipated; Nervous; Stomach Out of Order, and Had Dizzy Spells.

Declares Dreco, the New Root and Herb Remedy, Knocked Them Out.

"My condition was growing serious, and I was getting worried about myself," said Mr. R. Shoemaker, of 1008 E. High St., Lima, O. Mr. Shoemaker has been with the D. T. and I. R. R. for 12 years, and is highly esteemed by the company.

"I suffered from constipation, liver and stomach troubles; had no appetite; was nervous and couldn't sleep, and often got very dizzy. Backache and rheumatism caused much suffering, and knots would come up in my muscles.

"Since I've been taking Dreco, these knots are gradually disappearing; my constipation is only a memory, and my nerves are steady so that I sleep sound and well. The pains in my back and limbs are all gone, and I eat big, hearty meals, without any after distress or uneasiness. Really I am so much better I can hardly describe it in words. My advice to any one suffering as I did is to get Dreco at once, without delay."

Dreco acts on a sluggish liver and thereby relieves headaches; dizziness; foul breath; bad taste in the mouth, and spots floating before the eyes; overcomes kidney weakness, relieving backache and rheumatism. Dreco aids the stomach and puts a stop to gas-forming. Acts on the bowels, overcoming constipation.

All good druggists now sell Dreco and it is highly recommended in Xenia by Sohn's Drug Store.

PASSES AWAY JUST ONE YEAR AFTER THE DEATH OF HIS WIFE

Just a year to a day following the death of his wife, Firman Ralph Voris, passed away at the home of his daughter, Miss Maude Voris on the Springfield pike at 1:30 o'clock Sunday afternoon. He had been suffering from general weakness resulting from an attack of influenza last winter following which he got wet and received a backset. He had been gradually growing worse since coming here six weeks ago to make his home with his daughter.

Mr. Voris was born December 10, 1854, and was thus 64 years of age at the time of his death. He was born near Springboro, Ohio, but later came here where he learned the trade of baker, which he practiced here for a

number of years and which he had since been following in different places.

Mr. Voris came here from Belle Center where he had been visiting a sister-in-law, six weeks ago. He was a member of the Masonic Lodge and also the Reformed Church. He is survived by three children Miss Maude Voris and Earl Voris of this city, and Elmer, who has been located at Mattapan, Mass., and who is thought to be on his way home now. He also leaves two brothers, James C. Voris of New Castle, Ind., and Charles L. Voris of McCrory, Arkansas.

Funeral services will be held at the late home on the Springfield pike at 2:30 o'clock Wednesday afternoon.

EAST END NEWS

Mrs. J. M. Summers fell in her home last Tuesday and sustained injuries, which he practiced here for a

ligaments in her right limb were torn loose, her back was hurt and she is injured internally. She has suffered a good deal since the accident. Her family think that she became dizzy and that that caused her to fall.

The choir of Zion Baptist church is requested to meet Tuesday evening, at 7:30. All members are urged to be present.

Mrs. Eva Love is ill at Washington Hospital, suffering with pneumonia.

Miss Ruth Bell, one of the nurses at Washington Hospital, was called to her home in Wilmington last week on account of the death of her father.

Mrs. Leota Hamilton spent Saturday and Sunday with her parents, Dr. and Mrs. Nichols. She left Sunday evening for Danville, Ky. She has spent the summer at the summer resort at Les Chenault, Mich.

Dr. John Peters, of Danville, Ky., is visiting his sister-in-law, Mrs. Hattie Peters, and his nephews, Mr. James Peters, and Mr. Howard Peters and family.

Mrs. Albert Scott, wife of Mr. Harry Scott, died Sunday night about 8:05 at the home of her mother, Mrs. Arthur Gilkey, on East Church street.

She had been ill about a year with tuberculosis but her illness became serious only about three months ago. She was born in this city and spent all of her life here. At the time of her death she was 23 years old. The distressingly sad feature of her death is the leaving of the three small children, Melva, 4 years old, Elizabeth, 2 years old, and Horace, three months old. Beside her husband, mother and children, she leaves her father, Mr. Arthur Hudson, her grand-parents, Mr. and Mrs. John Anderson, and a number of other relatives. She was a member of Middle Run Baptist church and served as president of the B. Y. P. U. society of that church for the past three years. She was also a member of Queen Lil Tabernacle of the Daughters of Tabors. The funeral will be held Wednesday afternoon at Middle Run Baptist church.

All members of Jabin Temple and Queen Lil Tabernacle are called to meet in joint session tonight at 7:30 o'clock. Business of importance.

THE JAPANESE MENACE ON OUR PACIFIC COAST.

While so much is being written on the Korean and Shantung questions, let us not forget to face the Japanese menace right at home. In two generations California will be governed by a majority vote of American-born Japanese! Does that startle you? It should!

That race, with its guinea-like reproduction, will swallow up any white nation where once it has gained a foothold. If the present Japanese and white birthrates of California continue there will be 150,000 Japanese children born in California in 1920 and but 40,000 white children. And in 1949, the white population will be in the minority.

What boots it to have just won a war against another branch of the white race over in Europe if we lose our own land, the birthright of our children, to the yellow hordes tomorrow?

The time to take a stand for a white America is now! It is idle to consider the good will of the Japanese Government, a good will we have never possessed—despite the polite smile of a craftily, patiently waiting Japanese diplomacy—ever since we have presumed to raise some modest bars against their unrestricted immigration. The future existence of the white race demands that the yellow race be kept out.

It is a fatal human failing that we never seem to be able to see rightly and understand history in the making. Much of our most beautiful possessions are already lost to the white race. The most beautiful part of the states proper, southern California, as well as the most fertile portions of the Pacific coast, are rapidly following the same way.

The capitalist, who in his shortsighted cupidity encourages immigration, by bringing the American working class into direct competition with Asiatics, will drive the former into socialism for economic self-protection. Besides, the Japanese in this country soon strips off his overalls and proceeds to compete against you. His children will crowd your children out of business, if signs go for anything. They now control the city market of Seattle. The Oriental Trading Company, of Seattle, has more buying power than any other two wholesale concerns in the northwest. In the same city they own 136 grocery stores and nearly half of the hotels, many of the largest apartment houses, garages, dye works, etc.

WHAT REALLY CONSTITUTES A GOOD CHANCE.

People are often heard to make excuse for others who have not succeeded well in life by saying that they have had no chance.

Hearing this excuse offered sometimes sets one thinking about what really constitutes a good chance.

Is it not often the case that the one who has what is usually regarded as the best chance is the one who makes the most conspicuous failure?

Having everything provided for, one fosters a spirit of self-indulgence that is ruinous to human character. On the other hand, a certain amount of hardships try the mettle, and something attempted, something achieved, shows mankind their own strength and capability.

A well-known United States Senator of some years ago is credited with saying to one who spoke of the fine opportunities he had given his son, "Yes, my son has had excellent advantages, but I had one that overbalanced them all."

"What was that?" asked his friend, "Beginning life without a dollar," was the reply.

Was he not right? Is it not a fact that a large majority of the men who occupy positions of the greatest honor and influence today are men who had to work their way, sometimes in the face of almost overwhelming obstacles?

Should not this be taken to heart by those who have the care and training of the next generation, and should

they not see to it that the future citizens of this country be not surfeited by too many so-called advantages of the kind calculated to make weaklings of them, but that they have all the real opportunities that a wise and thoughtful foresight can provide, and, along with them, the chance to develop a sturdy strength of character that is essential to the upward progress of the race.—Mary Johnson.

SANDRA THE JEALOUS

BY JANE PHELPS.

SANDRA DECIDES TO DISOBEY HER HUSBAND CHAPTER LXI

Hot tears scalded my face as I turned from the telephone. Why had he told me I was to go with him, only to disappoint me. Then his message: "Do not accept any invitation or invite guests while I am away." It was insulting.

"I'll ask Mrs. Gray if she (meaning Leola of course) was not allowed to receive anyone or go anywhere unless Everett was with her," I stormed aloud. "I don't believe she would have been so meek, and so silly as to let him boss her the way he tries to me!"

I really was more hurt than angry however, and threw myself on my bed and cried bitterly. I thought of the promised shopping, the plays we were to see—instead of which I was to remain alone while he probably saw the plays, and had a good time in other ways instead of shopping with me.

What had happened to change his mind?

I raised myself suddenly, my tears ceased as the thought came to me. My jealousy flared. Was it because of some other woman? Someone with whom he was going to spend his time—his evenings, instead of spending them with me?

"I would go! He had told me I might, and he had no right to disappoint me without giving me a reason," I said aloud, drawing my angry tears. "I'll show him I have some rights as well as that Leola!"

Mrs. Gray had heard me at the telephone, but I was sure she had been unable to judge of the conversation because I had had no opportunity to object.

"Will you call the car, Mrs. Gray, I will be down immediately," I said, and I turned away so she would not notice that I had been crying. "Send Hetty to me please."

Hetty came at once, and I cautioned her to hurry and strap my bag, and carry it down to the car. I waited just long enough to adjust a veil, then followed her.

I had dusted my cheeks with powder, and bathed my eyes, so that no traces of my tears remained as I took my seat in the car.

"You will have to hurry a little, Thomas," I told the chauffeur. "We have only time to get to the train."

"I'll make it ma'am."

But we got caught in a jam at a crossing, and another one when there was a slight accident to a car ahead of us. I did not feel so sure that we would catch it—I leaned forward, feeling almost as if by so doing I was helping the car along. I rushed to the ticket window and bought a ticket; then hurried to the gate, only to have it slammed to when I was about three feet away, and to see the ticket-taker nonchalantly take down the shiny sign telling what time the train would leave, and replace it with another.

I cried out in my disappointment and chagrin. People turned and stared at me, and I felt horribly embarrassed. I peered through the iron palings, and imagined I saw Everett get on the train—anyway the man reminded me of him.

Then I turned away, blinded with tears. I felt thankful that my veil—though thin—was a slight protection from the stares of the curious. I hurried back to where I had left Thomas. I had refused his services, giving my heavy bag to one of the uniformed porters. I did not wish the chauffeur to hear Everett if he were angry I had disobeyed him.

Thomas had gone! What in the world should I do?

"Good evening, Miss!" an oily faced creature said with a leer as he passed. I shrank closely in toward the wall, and he passed on with a horrid chuckle that somehow made me ill.

"Cab, Miss?" to my relief I saw it was the starter who addressed me.

"Yes, please."

"Where to?"

I gave him the address, then sank gratefully back in the corner of the cab and cried softly until I reached home.

Tomorrow—An Accident.

RESOLUTIONS WHICH WERE ADOPTED BY COUNTY TEACHERS

The following are extracts from the long list of resolutions adopted by the Greene County Teachers' Association, at its recent session:

WHEREAS, Many of the best teachers of Ohio are leaving the profession to enter less responsible positions, at greatly increased salaries, and few young men and young women are entering the profession, because of the uncertainty of its furnishing sufficient remuneration to enable them to have homes, food and clothing, comparable to the parents of whose children they instruct, and

WHEREAS, Their professional year consists of from eight to ten months, while their expenses continue throughout the year, and

WHEREAS, The common laborer's wages in most cases have been increased to correspond to the high cost of living, while the teacher's salary has fallen far short of a pro-rata increase, and

WHEREAS, It is believed to be as essential to have efficient teachers to administer the moral and intellectual instruction to the youth of our land as it is to have the common and skilled laborer to enable the parent to succeed in a financial enterprise,

THEREFORE, Be it resolved by Teachers' Association of Greene county, in convention assembled, that we go on record as approving a salary law for the state of Ohio, making salary for a properly qualified elementary teacher \$1,000.00, and that other salaries be in proportion to qualification, successful experience, responsibility of the position, and continuous professional growth.

WHEREAS, Ohio has been voted dry and the referendum vote is to be taken in November, and

WHEREAS, The Ohio teacher should be unanimously opposed to the liquor traffic,

THEREFORE, Be it resolved by the Greene County Teachers' Association, that we use our votes, and every laudable means to keep Ohio in the list of dry states.

The teachers further go on record in their resolutions advocating the repeal or amendment of the Smith one per cent law. If early sympathy with the oath of allegiance, which teachers are now required to take, is expressed in the resolutions. The work of the American Red Cross is commended and the extension of its sympathetic co-operation is recommended. In conclusion, a vote of appreciation and

thanks was extended the young men teachers who served in the army during the war.

STEELE POAGUE DEFEATS FRED ERVIN AT TENNIS

Tennis of better quality is being played in the second round of the silver trophy play at the court of Dr. B. R. McClellan on South Detroit street, Steele Poague defeated Fred Ervin 6-1, 8-6 in a match Saturday morning.

Robert Moore defeated G. V. Dryden 4-6, 6-4, 11-9 Saturday afternoon in a long struggle featured more by accuracy than brilliancy of play. It was generally agreed before the match that the superior striking and placement ability of the veteran would carry him through the match victorious in spite of a handicap of one point in every service game. But Moore played a game of rare consistency, and after winning the second set by strong service, took the defensive and, answering shot for shot wore the veteran out.

At the elimination of Dryden, local

tennis fans expect to see Steele Poague and William Moorehead in opposition at the final round, but the hope may be shattered at any time.

UNION SERVICES BRING CIVIC SUNDAY TO A FITTING CLOSE

Civic Sunday, observed in the several churches Sunday morning, with suitable sermons by the Xenia clergy, was most fittingly recognized and fully expressed in every detail of the Union Evening service at the First M. E. Church. There was a very large congregation present, Rev. Albert Read presided, and Rev. Joseph Kyle D. D. offered the prayer for a blessing which should bring upon the community a sense of oneness in principle and purpose and community service. Miss Elizabeth Munsey, of Dayton, was the soloist who sang, to the marked appreciation of the congregation, "O Divine Redeemer," and also "How Lovely Are Thy Dwelling." The messages of the two numbers were most happily expressed by the artists.

Rev. Homer C. Biddlecum preached on "Righteousness Exalteth a Nation, But Sin is a Reproach to Any People," from which he deduced the basic principle of a pure, prosperous and profitable city, and the dire danger into which a community is plunged when righteousness is ignored by the people. He made an earnest plea for the altruistic outlook and outlet. Mr. Daniel E. Weigle spoke as a community seer, for he presented a vision of what a city may and should be for God and the citizen. He took up the things of a community life and held them up in the light of the throne of God. The so-called secularities of the city became under his mental touch the spiritualities of the church community, and a hearer could almost visualize in the speaker one of the prophets who came to bring in the name of God, a civic message to his day. In every respect the Union service was a spiritual and mental uplift.

DR. MESSENGER ATTENDS DISTRICT MEETING OF LEGION

Dr. H. C. Messenger, one of the organizers of the local Post of the American Legion, which has now applied for a charter, was present at the district meeting of the Legion held in Springfield Saturday when the delegates attended a luncheon at the Chamber of Commerce.

Judge Harry W. Snodgrass, of Springfield, District Secretary of the Legion, explained many plans and answered questions concerning the Legion after the luncheon, at which there were delegates from practically every county in this section of the state.

Judge Snodgrass appointed Dr. Messenger, county secretary for Greene County at the meeting, to assist in the organization of American Legion Posts in the towns throughout this county. The district secretary explained that it was the plan of the organization to have if possible a post in the smaller towns of the county rather than to have a county post located in the county seat, so that members would find it easier to attend the meetings.

The luncheon and following meeting were very profitable to the delegates present and they learned much concerning the workings of the organization.

It is expected that the charter applied for by the local soldiers will be received here within a week or ten days.

Health is Wealth

Only healthy Americans are real Americans anyway.

You can make your children 100% Americans by giving them Bread, plenty of Bread—their Best Food—at every meal.

Meats are too heavy for growing young people. They place too great a tax on the digestive organs at the time of life when bodily energies are usually overtaxed anyway.

Bread alone is all food—90% of it converted almost immediately into Force and Energy.

Used as a basis for all your meals, it means rosy, happy youngsters, full of pep and energy—instead of pale, listless ones.

Just remember—

KRUG'S BREAD

Butter Nut or Holsum

GEORGE PETERSON PAINFULLY HURT IN AUTO COLLISION

George Peterson of Wilmington sustained minor injuries when his Ford automobile was struck by a large touring car at Baynard's corner on the Wilmington pike, Sunday afternoon.

The young man was bleeding so profusely from his injuries that it was supposed he was badly hurt. H. E. Bales of Paintsville, who was passing brought the injured man to the Epsey hospital, where an examination disclosed that a gashed eyelid and mangled arm were his most serious hurts. An X-Ray examination determined that no bones were broken.

There were 5 machines at the corner when the accident occurred, and Peterson's car was said to be on the wrong side of the road. The name of the driver of the car which struck his machine was not learned. The Peterson machine was badly damaged.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—“After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles.

I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound.”—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

FOOTBALL STARS HOPE TO ORGANIZE INDEPENDENT TEAM

Independent football for the coming season will be given a send-off at a meeting to be held at Hustmyer's pool room at 7 o'clock Monday evening.

The meeting has been called by several local football stars who hope to put a good independent team in the field this fall. Since the Merceries held away here a couple of years ago, there has been no consistently playing moleskin aggregation, the war playing havoc with the material.

It is predicted that nationally speaking this will be the biggest year in the history of football. The end of the war, the return of many soldier stars to the game, the abundance of material and other causes are expected to contribute to the increased popularity of the sport this year.

At the meeting to be held Monday evening the following players are requested to be present Michael and Wm. Leakey, Clifford Hoag, Wm. Bath, Phillip Buck, "Pug" Lewis, Henry Barnett, Jay Fuller, Paul Walker, Curt Free, Ancil Stephens, Fred Halter, William Derrick, Emmet Bergen, Russel Smith and Roy Ireland. George Baldner has promised to coach the team this year and it is hoped to arrange an interesting schedule. The first game of the season will be played the last Sunday in September, but the schedule has not yet been made out. Other stars who wish to play football this season are also requested to be at the meeting Monday evening.

The Xenia Reserves did not play Sunday and it is believed that the club will not perform again this season.

The ball yard on Cincinnati avenue has been rented by football enthusiasts who expect to turn it into a gridiron within a short while.

Bill Foley's followers thus have completed the most arduous season in the history of a local baseball organization. Starting out with a Chillicothe club, the locals made a clean sweep of the early part of the season, winning the first seven games played.

The eighth start with the Springfield White Sox was a disaster. Curt Free was hammered for 13 safeties, and the locals were whipped for the first time, 7-5. After this starter, everyone started picking on the Cincinnati avenue performers. Middletown defeated them 9-2 on the following Sunday, but 2 weeks later the locals played the best game of the season, defeating the Indianapolis Reserves by the score of 3-1.

The Springfield All Stars defeated the locals in the next game, and on the Sunday following the balloon went up to never come down. In the game scheduled with the Dayton Norwoods a second rate club, the whole outfit of Reserves, excepting for two or three, failed to show up, and the locals were given a defeat from which they never revived.

The club that took the diamond at the start of the season here was easily the best that ever played under the name of the Reserves. They played snappy ball in the field, supported big Bill Kuntz of Springfield in fine style, and were hammering the old pellet like it was made in Germany.

The club was full of pep and going like a machine gun bullet, when the cap blew off and there wasn't enough left of the fighting Reserves to make a basketball team.

The hitting of Kuntz Randall and Weaver throughout the season was consistent and of the top-notch variety.

While no announcement has been made by Manager Foley, it is not expected that the club will start again this season.

ANNOUNCE ENGAGEMENT

Mrs. Mel Jacoby was hostess at a very charming affair at her home at Goes, Ohio, when she entertained the sewing circle of that place Friday afternoon. The time was spent chatting and over needlework.

Dainty refreshments of ice cream and cake were served and then the surprise feature was little cupid place cards on each plate announcing the approaching marriage of her daughter Hallie Mae to William Fisher of Xenia and the time set for October.

All departed at a late hour extending their best wishes to the bride-to-be.

WAS ADVISED TO USE NERV-WORTH BY TWO DOCTORS

Charles F. Johnson Makes Significant Signed Statement.

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "fine medicine." Here is the story as given to the Columbus Nerv-Worth druggist not long ago:

The Mykranitz Co.—My wife and I have used Nerv-Worth with wonderfully beneficial results. She had been troubled for years with severe nervousness. Pains in the back of her neck. Stomach and digestion in bad shape. Restless at night and very much run down.

I had serious nervous trouble. Tossed about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief as it was affecting my eyesight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous troubles. We both eat and sleep well and enjoy good health. We recommend Nerv-Worth to all. It was recommended to us by two doctors.

CHARLES F. JOHNSON,

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINTY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

LEADER OF AMERICA'S CRUSADERS IN WORLD WAR ARRIVES HOME

BY FRANK CHARLTON.

New York, Sept. 8.—General John J. Pershing, commander of America's 2,000,000 victorious crusaders, hero of the world war, responsible head of the army that turned the tide of battle at Verdun and St. Mihiel, came home today in triumph, after more than two years in France.

In behalf of a grateful nation, New York, in holiday dress, welcomed him with joyous pride and unrestrained emotion, giving vent to its enthusiasm by all of the time honored means that men have to exalt a chosen personage and pay just tribute to distinguished national service.

General Pershing stood in simple human wonderment as his countrymen proclaimed his valor, obviously deeply touched by the sight of these hundreds of thousands waving hands and the discordant sound of thundering peace guns, shrieking sirens and madly cheering people, a true American "hot time," in contrast with the magnificent post-war demonstrations that the commander of the American expeditionary forces had figured in when Paris and London celebrated victory.

A deep, red flush on his weather-beaten cheeks bespoke his good health and his blue eyes sparkled in evidence of his spirited happiness. He gave himself into the hands of his legion of friends in good humor and while every outward evidence of the demonstration around him was significant of reciprocal delight, nevertheless General Pershing at times turned, sober, drew his military shoulders to rigid lines, and responded with true solemnity to the tragedy underlying this gaiety, when some tear-stained mother or father pressed forward and grasped his hand.

The three day celebration, which will come to an end with a monster parade and review of the First Division, began at dawn today when a fleet of boats bearing distinguished personages and a flotilla of airplanes went down the bay to give the first greeting to the home-coming hero.

A police reserve hydroplane flew over the Leviathan—the transport which brought the general back to his home land—just at daybreak and dropped a message from Mayor Hylan, extending formal invitation to New York City.

The weather was warm, foggy and humid, but the sun was making sturdy effort to push through the clouds. There was a sea breeze down the bay that stiffened the flags on the ships in the harbor, but in the city the banners and bunting drooped from the staffs in limp folds.

"Welcome home, General Pershing," was the electric current that pulsed through the whole city. It spoke in the roaring salutes from the guns down the bay, in the crash of brass band music on harbor craft, while the Leviathan was steaming slowly by the Statue of Liberty and in the cheers and staccato toots of sirens while the great transport was warping into her pier.

The transport passed Sandy Hook at 7:12 o'clock, steaming very slowly through the thick, misty weather. She slowed down, waiting for the tide, but was soon under way again.

The first welcoming committee to

come up with the Pershing ship was that representing the United States army. It was closely followed by the municipal steamer, Correction, bearing Mayor Hylan and committee, the committee of prominent citizens representing President Wilson and Secretary of War Baker.

There was a tumultuous scene when the Leviathan passed the Statue of Liberty at 20 minutes to eight. The flotilla of boats that was escorting the big troop transports with whistles and sirens in earnest, causing a deafening din over the upper bay. Battery park, despite the earliness of the hour, was crowded and thousands of persons employed in office buildings overlooking the harbor and North river, got to work ahead of time to watch the incoming transport from the windows.

At ten minutes of eight the Leviathan swept by Battery park, turning northward in North river on the final leg of her long and historic journey from Brest.

General Pershing, standing on the deck, proudly erect at the noble picture before his eyes, showed visible emotion.

"I am happy to be home," said he simply to friends standing at his side. He looked again at the towering skyline, gaunt and majestic in the gray mist of the morning, and added:

"It is a glad moment."

In the meantime, the whistles on shore had taken up the serenade from the water craft. Bells were tolled. Those who had equipped themselves with horns and other noise-making devices, joined the chorus. Cheers rolled along the water front. And as a background, deep and booming and rumbling, was the great siren which had been set up during the war to warn the city of any attempted German raid.

While New York was on the stage for the drama, the glory of the moment belonged to the whole nation. In the crowds which filled Battery park from the water front and which jammed the streets about pier No. 4, in Hoboken, and crammed the streets of New York City, were people from California, Maine, Texas, Minnesota, Louisiana, Montana and—but one might go on until the whole 48 states were named. It was a national welcome—a welcome in which the country's heart went out.

Thousands of doughboys joined in the greeting. Everywhere the khaki was in evidence. They yelled and cheered and showed generally by the volume of their noise, that they were all mighty glad to have their leader safe back home again.

The form of greeting ran the gamut—from old timers who knew the distinguished warrior as "Jimmy," or "Black Jack," to the dignified officials who stood somewhat in awe of America's first permanent army general.

PERSHING GETS COMMISSION.

New York, Sept. 8.—General Pershing's commission as a permanent general in the United States army was handed to him by Secretary Baker as soon as he stepped from the Leviathan at Hoboken. The general accepted it with a few words of thanks and then handed it to his son.

JOHN J. PERSHING.

His nomination to the permanent rank of General was unanimously confirmed by a rising vote of all the Senators. STRIKE OF BOSTON COPS MAY FOLLOW

Boston, Sept.—A move that is likely to lead to a strike of Boston policemen was made today by Commissioner Edwin U. Curtis when he ruled that the 19 men who recently organized a union affiliated with the American Federation of Labor had violated regulations. He said he would make disposition of their cases at roll call tonight.

The policemen prepared to take a strike vote this afternoon and tonight, while radical organized labor leaders declared that the carmen, telephone operators and teamsters would go out in sympathy with them.

GRAND OLD VETS FLOCK TO OHIO'S CAPITAL CITY

Columbus, Ohio, Sept. 8.—All night and early today special trains brought thousands of Civil war veterans to this city from every state in the union to attend the National G. A. R. encampment. All night the reception booth in the state house yard was open to receive the visitors, many of whom were accompanied by their wives. Today more rooms and more automobiles for the visitors have been appealed for and it is estimated by former governor, Campbell, chairman of the reception committee, that more than 10,000 soldiers arrived since Sunday morning.

"It was not like this in our day," said a tired visitor from California, as he came up from the train and was greeted by the steaming coffee at the Red Cross canteen. The Red Cross is on the job 24 hours a day.

And it is a "young-old" host that is here for the festivities of the week. They are here to enjoy all of the good things that Ohio's capital has to offer. Sunday thousands were taken in automobiles over the interesting highways which surround the city and deep interest was shown, especially at the government storage depot, which covers many acres.

There are many interesting characters among the visitors. Benjamin Woosley, of Portland, Ore., is the father of 24 children. He is en route with his two youngest—McKinley and Roosevelt Woosley.

Boys who were "kids" in '61 will today form the "kid" brigade. W. W. Gist, Cedar Falls, Ia., as 15 years of age when he entered the union army and he is the instigator of the plan. "Johnny" Clem will be one of the "kids."

Today will be routine day at the encampment. The executive and credentials committee will meet and tonight at Memorial hall when a reception will be held.

SENATOR REED OPENS DRIVE AGAINST LEAGUE

Akron, O., Sept. 8.—Addressing a crowd that packed the Armory here yesterday afternoon Senator James A. Reed, Missouri, leading Democratic opponent of the League of Nations covenant, opened the drive of those opposed to the league to counteract the influence of President Wilson's swing around the circle.

He devoted a large part of his address to answering the statements made by the president whom he charged:

"Substitutes fancies for facts; confuses the phantasms of his dreams for the actualities of life; mistakes the visions of ambition for the inspiration of idealism and imagines that phrases can take the place of realities."

The question of the League of Nations covenant, he declared, "is one of deepest gravity," and should be "settled by a sober appeal to reason."

"He denounces secret treaties," declared the Missouri Senator, referring to the president, "when every clause of his sacred covenant is founded upon the ratifies and confirms these treaties."

"He preaches open covenants openly arrived at and yet goes into secret conclaves and takes over the cable lines to perfect his plans."

"He refuses to answer concerning his vote on racial equality on the plea that disclosing those secrets would cause international embarrassment when the facts are he voted for Japan on racial equality."

Although his machine turned turtle over a ten foot embankment along the Burlington and Harveysburg road Sunday morning between 9 and 10 o'clock, Rev. Jesse Hawkins, pastor of the Friends' Church at New Burlington escaped without injury.

Rev. Hawkins was driving his enclosed Ford to Harveysburg to preach at the church there, when he lost control of it in the loose gravel newly placed on the Buck Creek hill. The machine backed down the hill and over the embankment turning completely upside down and pinning Mr. Hawkins underneath.

The accident was witnessed by S. D. Cox of near Buck Creek and his brother-in-law J. I. Miller of Springfield, who hastened to the assistance of Rev. Hawkins and righted his machine. Rev. Hawkins was unhurt. The top of the machine was crushed and the glass shattered.

It is said that the scene of the accident is a dangerous location, as there is a steep embankment of 10 to 15 feet at the side of the road along the hill and no railings or fences along the road edge.

PROHIBITION LEADERS EXPECT TO SOON HAVE BILL READY TO SIGN

PRESIDENT IS MUCH PLEASED WITH HIS TRIP

BY JOHN EDWIN NEVIN.

Omaha, Neb., Sept. 8.—Well "in his stride" President Wilson today resumed his western campaign to arouse public sentiment in favor of the ratification of the Versailles treaty of peace. The president had had a very quiet day in Des Moines and declared as his train sped across Iowa toward Missouri that he "was in fine fettle."

His stop here was to be limited to two hours and then he was to start northward for a night pause at Sioux Falls and a very strenuous day in the twin cities territory on Tuesday. His train reached Omaha at 4 o'clock this morning but was side tracked so that his sleep would be unbroken.

The president's schedule has been worked down to a system as the result of his first three days experience. From now on he will elaborate on the ground-work of arguments that he had presented in Columbus, Indianapolis, in St. Louis, Kansas City and Des Moines.

These speeches presented the administration side of the reasons why the treaty should be ratified. They will be given with somewhat more detail as the president swings farther west.

There will be added at St. Paul tomorrow a declaration by the president that the existing high cost of living must continue at least in part, until the treaty is ratified and business gets back on a peace basis.

When he starts through the "sagebrush" territory he will elaborate on the necessity for the carrying out to a complete conclusion the plans initiated at the international labor conference held in connection with the peace conference in Washington.

HERBERT HOOVER SAYS HE WILL NOT ENTER POLITICS

London, Sept. 8.—Herbert Hoover, former director of the interallied food relief commission in Europe, before leaving for the United States on the liner Equitania emphatically denied that he is going into politics when he reaches home. Mr. Hoover declared also that he is not coming back to Europe despite the efforts of allied statesmen who wished him to return and continue his splendid efforts at relief.

"No," exclaimed the famous American food expert with emphasis when asked about reports from Paris and Washington that he might enter politics and possibly be a candidate for the presidential nomination.

"I am not thinking anything about politics."

The man who kept the wolf from Europe's door for so long looked tired and worn out, but was plainly elated at the possibility of getting to his home shores soon.

"I am not coming back to Europe again under any circumstances," he said. "Possibly I may never see Europe again. I have stopped off here just long enough to wind up some personal affairs."

"I am through with food. My offices have been dissolved and the work turned over to a commission. When I reach New York I am going to California at the earliest possible moment. I want a rest—I need it. There is no truth in the report that I am coming back to Europe."

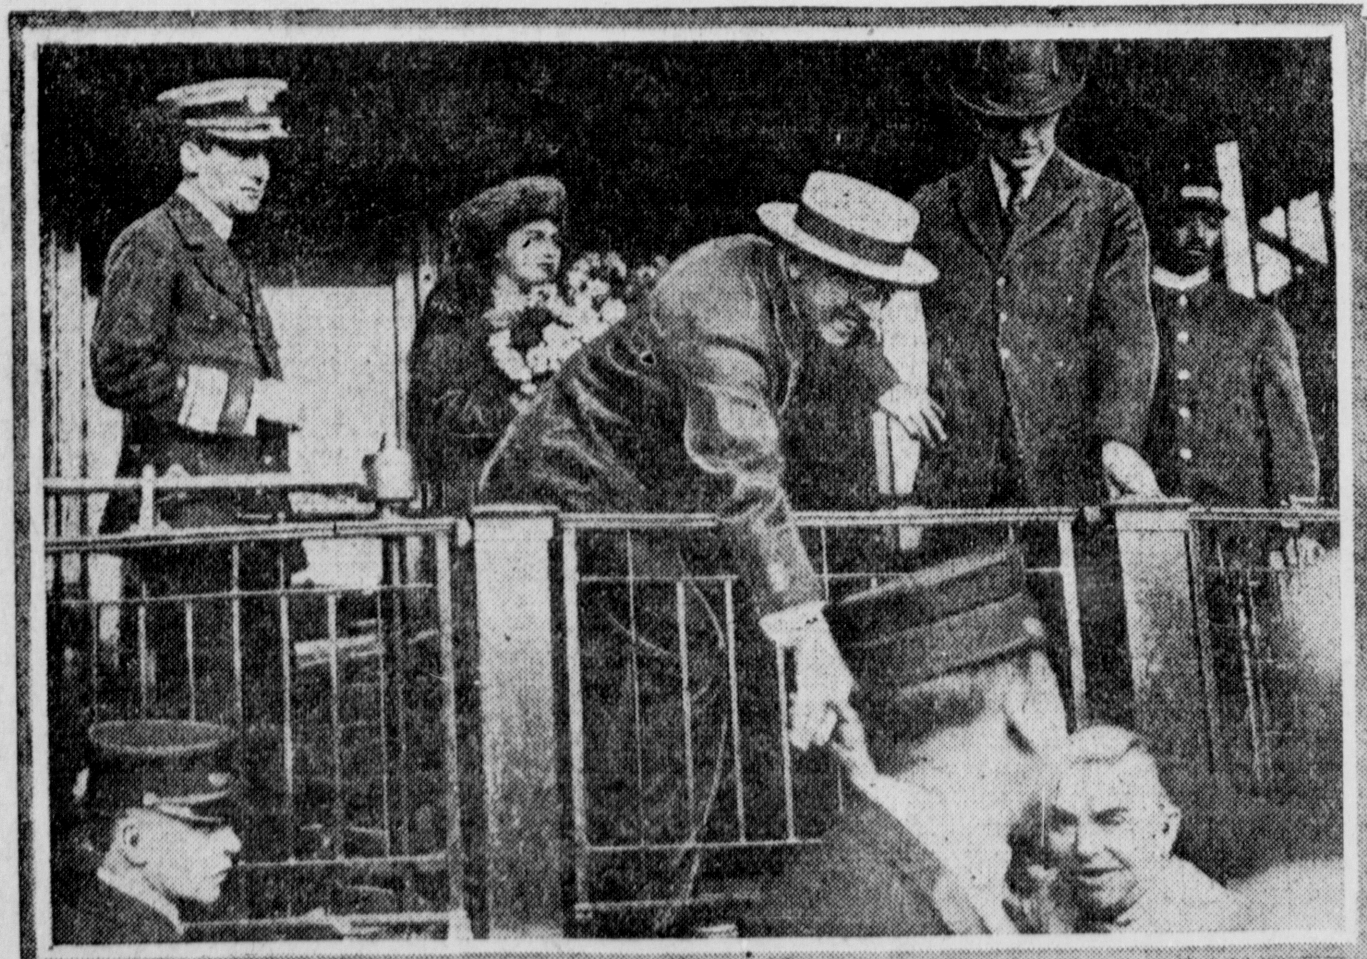

"I have been asked to retain my official position here, several nations asked me to remain, but I am through."

"I don't know if I ever shall come back for private reasons or not. I have never thought about it and I do not want to think about it now. All I want to do is to forget about food and famine and Europe's affairs for a while."

INVADING ARMY OF MINERS BACK HOME

Charleston, W. Va., Sept. 8.—The miners who formed the army of invasion which started on Saturday for the Guyan Coal fields in Logan county to enforce the unionization of non-union workers there were back in their own communities today and it was believed that there will be no more trouble.

Threats of Governor John J. Cornwell that federal troops would be sent into the region caused the men to stop their march. Frank Keeney, one of the officials of the United Mine Workers who carried the message of the chief executive to the camps, pleaded with the men to return home. Three special trains brought all back but about 300. These men refused to entrain and marched back.

Work was resumed in most of the mines in this district today.

ASSES AWAY JUST ONE YEAR AFTER THE DEATH OF HIS WIFE

Just a year to a day following the death of his wife, Firman Ralph Voris, passed away at the home of his daughter, Miss Maude Voris on the Springfield pike at 1:30 o'clock Sunday afternoon. He had been suffering from general weakness resulting from an attack of influenza last winter following which he got wet and received a backset. He had been gradually growing worse since coming here six weeks ago to make his home with his daughter.

Mr. Voris was born December 10, 1854, and was thus 64 years of age at the time of his death. He was born near Springboro, Ohio, but later came here where he learned the trade of baker, which he practiced here for a very

number of years and which he had since been following in different places.

Mr. Voris came here from Belle Center where he had been visiting a sister-in-law, six weeks ago. He was a member of the Masonic Lodge and also the Reformed Church. He is survived by three children Miss Maude Voris and Earl Voris of this city, and Elmer, who has been located at Mattapan, Mass., and who is thought to be on his way home now. He also leaves two brothers, James C. Voris of New Castle, Ind., and Charles L. Voris of McCrory, Arkansas.

Funeral services will be held at the late home on the Springfield pike at 2:30 o'clock Wednesday afternoon.

EAST END NEWS

Mrs. J. M. Summers fell in her home last Tuesday and sustained injuries, which he practiced here for a very

ligaments in her right limb were torn loose, her back was hurt and she is injured internally. She has suffered a good deal since the accident. Her family think that she became dizzy and that that caused her to fall.

The choir of Zion Baptist church is requested to meet Tuesday evening, at 7:30. All members are urged to be present.

Mrs. Eva Love is ill at Washington Hospital, suffering with pneumonia.

Miss Ruth Bell, one of the nurses at Washington Hospital, was called to her home in Wilmington last week on account of the death of her father.

Mrs. Leota Hamilton spent Saturday and Sunday with her parents, Dr. and Mrs. Nichols. She left Sunday evening for Danville, Ky. She has spent the summer at the summer resort at Les Chenault, Mich.

Dr. John Peters, of Danville, Ky., is visiting his sister-in-law, Mrs. Hattie Peters, and his nephews, Mr. James Peters, and Mr. Howard Peters and family.

Mrs. Albert Scott, wife of Mr. Harry Scott, died Sunday night about 8:05 at the home of her mother, Mrs. Arthur Gilkey, on East Church street. She had been ill about a year with tuberculosis but her illness became serious only about three months ago. She was born in this city and spent all of her life here. At the time of her death she was 23 years old. The distressingly sad feature of her death is the leaving of the three small children, Melva, 4 years old, Elizabeth, 2 years old, and Horace, three months old. Beside her husband, mother and children, she leaves her father, Mr. Arthur Hudson, her grand-parents, Mr. and Mrs. John Anderson, and a number of other relatives. She was a member of Middle Run Baptist church and served as president of the B. Y. P. U. society of that church for the past three years. She was also a member of Queen Lil Tabernacle of the Daughters of Tabor. The funeral will be held Wednesday afternoon at Middle Run Baptist church.

All members of Jabin Temple and Queen Lil Tabernacle are called to meet in joint session tonight at 7:30 o'clock. Business of importance.

Doggone It.

By experiments with dogs kept awake for several days two French scientists demonstrated that both nerve cells and muscles lack oxygen when tired and secrete a poisonous acid.

PRETTY AFFAIR GIVEN FOR GUEST

The girls spent the early part of the afternoon with their needle work and later games and music were enjoyed. Daisies were the decorations used about the rooms giving a suggestion of waning summer. Dainty refreshments of ices and cakes were served.

Miss Frease returned to her home Friday after spending several days at the Harper home.

BIG KNOTS CAME IN HIS MUSCLES SAYS LIMA MAN

Rheumatism Caused Great Suffering; Was Constipated; Nervous; Stomach Out of Order, and Had Dizzy Spells.

Declares Dreco, the New Root and Herb Remedy, Knocked Them Out.

"My condition was growing serious, and I was getting worried about myself," said Mr. R. Shoemaker, of 1008 E. High St., Lima, O. Mr. Shoemaker has been with the D. T. and I. R. R. for 12 years, and is highly esteemed by the company.

"I suffered from constipation, liver and stomach troubles; had no appetite; was nervous and couldn't sleep, and often got very dizzy. Backache and rheumatism caused much suffering, and knots would come up in my muscles.

"Since I've been taking Dreco, these knots are gradually disappearing; my constipation is only a memory, and my nerves are steady so that I sleep sound and well. The pains in my back and limbs are all gone, and I eat big, hearty meals, and my stomach takes care of them, without any after distress or uneasiness. Really I am so much better I can hardly describe it in words. My advice to any one suffering as I did is to get Dreco at once, without delay."

Dreco acts on a sluggish liver and thereby relieves headaches; dizziness; foul breath; bad taste in the mouth, and spots floating before the eyes; overcomes kidney weakness, relieving backache and rheumatism. Dreco aids the stomach and puts a stop to gas-forming. Acts on the bowels, overcoming constipation.

All good druggists now sell Dreco and it is highly recommended in Xenia by Sohn's Drug Store.

THE JAPANESE MENACE ON OUR PACIFIC COAST.

While so much is being written on the Korean and Shantung questions, let us not forget to face the Japanese menace right at home. In two generations California will be governed by a majority vote of American-born Japanese! Does that startle you? It should!

That race, with its guinea-like reproduction, will swallow up any white nation where once it has gained a foothold. If the present Japanese and white birthrates of California continue there will be 150,000 Japanese children born in California in 1920 and but 40,000 white children. And in 1949, the white population will be in the minority.

What boots it to have just won a war against another branch of the white race over in Europe if we lose our own land, the birthright of our children, to the yellow hordes tomorrow?

The time to take a stand for a white America is now! It is idle to consider the good will of the Japanese Government, a good will we have never possessed—despite the polite smile of a craftily, patiently waiting Japanese diplomacy—ever since we have presumed to raise some modest bars against their unrestricted immigration. The future existence of the white race demands that the yellow race be kept out.

It is a fatal human failing that we never seem to be able to see rightly and understand history in the making. Much of our most beautiful possessions are already lost to the white race. The most beautiful part of the states proper, southern California, as well as the most fertile portions of the Pacific coast, are rapidly following the same way.

The capitalist, who in his short-sighted cupidity encourages immigration, by bringing the American working class into direct competition with Asiatics, will drive the former into socialism for economic self-protection. Besides, the Japanese in this country soon strips off his overalls and proceeds to compete against you. His children will crowd your children out of business, if signs go for anything. They now control the city market of Seattle. The Oriental Trading Company, of Seattle, has more buying power than any other two wholesale concerns in the northwest. In the same city they own 136 grocery stores and nearly half of the hotels, many of the largest apartment houses, garages, dye works, etc.

WHAT REALLY CONSTITUTES A GOOD CHANCE.

People are often heard to make excuse for others who have not succeeded well in life by saying that they have had no chance.

Hearing this excuse offered sometimes sets one thinking about what really constitutes a good chance.

Is it not often the case that the one who has what is usually regarded as the best chance is the one who makes the most conspicuous failure?

Having everything provided for, one fosters a spirit of self-indulgence that is ruinous to human character. On the other hand, a certain amount of hardships try the mettle, and something attempted, something achieved, shows mankind their own strength and capability.

A well-known United States Senator of some years ago is credited with saying to one who spoke of the fine opportunities he had given his son, "Yes, my son has had excellent advantages, but I had one that overbalanced them all."

"What was that?" asked his friend, "Beginning life without a dollar," was the reply.

Was he not right? Is it not a fact that a large majority of the men who occupy positions of the greatest honor and influence today are men who had to work their way, sometimes in the face of almost overwhelming obstacles?

Should not this be taken to heart by those who have the care and training of the next generation, and should

they not see to it that the future citizens of this country be not surfeited by too many so-called advantages of the kind calculated to make weaklings of them, but that they have all the real opportunities that a wise and thoughtful foresight can provide, and, along with them, the chance to develop a sturdy strength of character that is essential to the upward progress of the race.—Mary Johnson.

SANDRA THE JEALOUS

BY JANE PHELPS.

SANDRA DECIDES TO DISOBEY HER HUSBAND CHAPTER LXI

Hot tears scalded my face as I turned from the telephone. Why had he told me I was to go with him, only to disappoint me. Then his message: "Do not accept any invitation or invite guests while I am away." It was insulting.

"I'll ask Mrs. Gray if she (meaning Leola of course) was not allowed to receive anyone or go anywhere unless Everett was with her," I stormed aloud. "I don't believe she would have been so meek, and so silly as to let him boss her the way he tries to me!"

I really was more hurt than angry however, and threw myself on my bed and cried bitterly. I thought of the promised shopping, the plays we were to see—instead of which I was to remain alone while he probably saw the plays, and had a good time in other ways instead of shopping with me.

What had happened to change his mind?

I raised myself suddenly, my tears ceased as the thought came to me. My jealousy flared. Was it because of some other woman? Someone with whom he was going to spend his time—the evenings, instead of spending them with me?

"I would go! He had told me I might, and he had no right to disappoint me without giving me a reason," I said aloud, drawing my angry tears. "I'll show him I have some rights as well as that Leola!"

Mrs. Gray had heard me at the telephone, but I was sure she had been unable to judge of the conversation because I had had no opportunity to object.

"Will you call the car, Mrs. Gray, I will be down immediately," I said, and I turned away so she would not notice that I had been crying. "Send Hetty to me please."

Hetty came at once, and I cautioned her to hurry and strap my bag, and carry it down to the car. I waited just long enough to adjust a veil, then followed her.

I had dusted my cheeks with powder, and bathed my eyes, so that no traces of my tears remained as I took my seat in the car.

"You will have to hurry a little, Thomas," I told the chauffeur. "We have only time to get to the train."

"I'll make it ma'am."

But we got caught in a jam at a crossing, and another one when there was a slight accident to a car ahead of us. I did not feel so sure that we would catch it. I leaned forward, feeling almost as if by so doing I was helping the car along. I rushed to the ticket window and bought a ticket; then hurried to the gate, only to have it slammed to when I was about three feet away, and to see the ticket-taker nonchalantly take down the shiny sign telling what time the train would leave, and replace it with another.

I cried out in my disappointment and chagrin. People turned and stared at me, and I felt horribly embarrassed. I peered through the iron palings, and imagined I saw Everett get on the train—anyway the man reminded me of him.

Then I turned away, blinded by tears. I felt thankful that my veil—though thin—was a slight protection from the stares of the curious. I hurried back to where I had left Thomas. I had refused his services, giving my heavy bag to one of the uniformed porters. I did not wish the chauffeur to hear Everett if he were angry I had disobeyed him.

Thomas had gone! What in the world should I do?

"Good evening, Miss!" an oily faced creature said with a leer as he passed. I shrank closely in toward the wall, and he passed on with a horrid chuckle that somehow made me ill.

"Cab, Miss?" to my relief I saw it was the starter who addressed me.

"Yes, please."

"Where to?"

I gave him the address, then sank gratefully back in the corner of the cab and cried softly until I reached home.

RESOLUTIONS WHICH WERE ADOPTED BY COUNTY TEACHERS

The following are extracts from the long list of resolutions adopted by the Greene County Teachers' Association, at its recent session:

WHEREAS, Many of the best teachers of Ohio are leaving the profession to enter less responsible positions, at greatly increased salaries, and few young men and young women are entering the profession, because of the uncertainty of its furnishing sufficient remuneration to enable them to have homes, food and clothing, comparable to the parents of whose children they instruct, and

WHEREAS, Their professional year consists of from eight to ten months, while their expenses continue throughout the year, and

WHEREAS, The common laborers' wages in most cases have been increased to correspond to the high cost of living, while the teacher's salary has fallen far short of a pro-rata increase, and

WHEREAS, It is believed to be as essential to have efficient teachers to administer the moral and intellectual instruction to the youth of our land as it is to have the common and skilled laborer to enable the parent to succeed in a financial enterprise,

THEREFORE, Be it resolved by Teachers' Association of Greene county, in convention assembled, that we go on record as approving a salary law for the state of Ohio, making salary for a properly qualified elementary teacher \$1,000.00, and that other salaries be in proportion to qualification, successful experience, responsibility of the position, and continuous professional growth.

WHEREAS, Ohio has been voted dry and the referendum vote is to be taken in November, and

WHEREAS, The Ohio teacher should be unanimously opposed to the liquor traffic,

THEREFORE, Be it resolved by the Greene County Teachers' Association, that we use our votes, and every laudable means to keep Ohio in the list of dry states.

The teachers further go on record in their resolutions advocating the repeal or amendment of the Smith one per cent law. Heart sympathy with the oath of allegiance, which teachers are now required to take, is expressed in the resolutions. The work of the American Red Cross is commended and the extension of its sympathetic co-operation is recommended. In conclusion, a vote of appreciation and

thanks was extended the young men teachers who served in the army during the war.

STEELE POAGUE DEFEATS FRED ERVIN AT TENNIS

Tennis of better quality is being played in the second round of the silver trophy play at the court of Dr. R. R. McClellan on South Detroit street. Steele Poague defeated Fred Ervin 6-1, 8-6 in a match Saturday morning.

Robert Moore defeated G. V. Dryden 4-6, 6-4, 11-9 Saturday afternoon in a long struggle featured more by accuracy than brilliancy of play. It was generally agreed before the match that the superior striking and placement ability of the veteran would carry him through the match victorious in spite of a handicap of one point in every service game. But Moore played a game of rare consistency, and after winning the second set by strong service, took the defensive and, answering shot for shot wore the veteran out.

Health is Wealth

Only healthy Americans are real Americans anyway.

You can make your children 100% Americans by giving them Bread, plenty of Bread—their Best Food—at every meal.

Meats are too heavy for growing young people. They place too great a tax on the digestive organs at the time of life when bodily energies are usually overtaxed anyway.

Bread alone is all food—90% of it converted almost immediately into Force and Energy.

Used as a basis for all your meals, it means rosy, happy youngsters, full of pep and energy—instead of pale, listless ones.

Just remember—

KRUG'S BREAD

Butter Nut or Holsum

is Best of all Breads, just as Bread is Best of all Foods.

GEORGE PETERSON PAINFULLY HURT IN AUTO COLLISION

George Peterson of Wilmington sustained minor injuries when his Ford automobile was struck by a large touring car at Baynard's corner on the Wilmington pike, Sunday afternoon.

The young man was bleeding so profusely from his injuries that it was supposed he was badly hurt. H. E. Bales of Paintsville, who was passing brought the injured man to the Epsey hospital, where an examination disclosed that a gashed eyelid and mangled arm were his most serious hurts. An X-Ray examination determined that no bones were broken.

There were 5 machines at the corner when the accident occurred, and Peterson's car was said to be on the wrong side of the road. The name of the driver of the car which struck his machine was not learned. The Peterson machine was badly damaged.

IMPORTANT DEALS MADE IN REAL ESTATE

John W. Prugh, local real estate man, has completed a number of important sales recently that are interesting transfers of land in this county.

The Aniel Powers farm of 123 acres on the Clifton pike has been sold to P. D. Doves of Wilmington, who expects to occupy it as a home after next March. The Clyde Beatty farm of 130 acres on the Fairground

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—“After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound.”—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

Watch the Little Pimples; They are Nature's Warning

Unightly and Disfiguring Signals of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

road, adjoining the Marcus Shoup farm, has been sold to Walker Fugate, who will occupy it after next March 1.

Through the same agency, Charles Jacobs has purchased the 70 1/2 acre farm of Elder Leich, near Yellow Springs, on the Hide road, and will occupy it after March 1. The George W. Black farm of 83 acres about a mile and a half east of Yellow Springs, has been sold to Frank Hutsler, who will occupy it after October 1, 1919.

Mr. Prugh also sold the St. Louis flat of William Harrington, on West Third street, to Dr. Jesse Johnson, and also two lots on North Detroit street to Earl Osborne, and the life estate of John Brewer in 120 acres, to M. S. McKay and H. S. LeSourd.

FORMER XENIA GIRL WEDS YOUNGSTOWN MAN ON SATURDAY

Announcement of the marriage of Miss Florence Weber, daughter of Mrs. Anna Weber, of this city, to Mr. Benjamin Lovell, of Youngstown, which took place in that city Saturday afternoon, is of interest to many Xenia friends of the bride. The service took place quietly at 1:30 Saturday and the bridal pair started at once on a honeymoon trip in the east. They will be at home at 1528 Kensington avenue, Youngstown.

Mrs. Lowell is a graduate nurse, having received her training at the Good Samaritan Hospital, Cincinnati. For the last five years she has been employed as nurse at the large plant of the Republic Rubber Company in Youngstown. She is a most charming and attractive girl. Mr. Lovell is salesmanager of the cord tire department of the Republic Rubber Company.

CIVIC DINNER IS PROMISING TO BE A NOTABLE EVENT

The Civic dinner tonight in the First Methodist Church at 6:30 P. M. promises to be a notable event. Reservations have been so many that the Committee feels the speakers will have the most representative audience recently gathered in this city. Local speakers will include Captain Darlington and H. E. Rice. C. A. Weaver will preside. Invocation will be offered by Albert Read, pastor of the First Baptist Church. There will be Community singing and plenty of it.

Lucius E. Wilson of Chicago, arrived in the city this morning, and has been spending the day meeting the business men who are interested in the Campaign. He will be the principle speaker at the dinner.

AGED XENIA WOMAN DIES IN CINCINNATI AFTER AN OPERATION

Miss Martha Drake, aged Xenia resident, died at a Cincinnati Hospital at 5:30 o'clock Sunday evening. She had gone to Cincinnati two weeks ago to visit her niece, Mrs. H. C. Hinkle, and while there entered a hospital for an operation for a cataract on her eye her death taking place two weeks after the operation.

Miss Drake was 81 years of age and had lived in Xenia practically all of her life and had been making her home with Mr. and Mrs. Roy Jones at 318 East Main street. She was a faithful member of the Trinity M. E. Church in this city. She leaves one brother, William Drake of Yellow Springs.

The body will be brought here for burial and the funeral services will be held Wednesday morning at 10 o'clock at the residence of Mr. Jones.

FOOTBALL STARS HOPE TO ORGANIZE INDEPENDENT TEAM

Independent football for the coming season will be given a send-off at a meeting to be held at Hustmyer's pool room at 7 o'clock Monday evening.

The meeting has been called by several local football stars who hope to put a good independent team in the field this fall. Since the Mercies held away here a couple of years ago, there has been no consistently playing moleskin aggregation, the war playing havoc with the material.

It is predicted that nationally speaking this will be the biggest year in the history of football. The end of the war, the return of many soldier stars to the game, the abundance of material and other causes are ex-

pected to contribute to the increased popularity of the sport this year.

At the meeting to be held Monday evening the following players are requested to be present Michael and Wm. Leach, Clifford Hoag, Wm. Bath, Phillip Buck, "Pug" Lewis, Henry Barnett, Jay Fuller, Paul Walker, Curt Free, Ancil Stephens, Fred Halter, William Derrick, Emmet Bergen, Russel Smith and Roy Ireland. George Bakner has promised to coach the team this year and it is hoped to arrange an interesting schedule. The first game of the season will be played the last Sunday in September, but the schedule has not yet been made out. Other stars who wish to play football this season are also requested to be at the meeting Monday evening.

RESERVES MAY NOT PLAY AGAIN THIS SEASON

The Xenia Reserves did not play Sunday and it is believed that the club will not perform again this season.

The ball yard on Cincinnati avenue has been rented by football enthusiasts who expect to turn it into a gridiron within a short while.

Bill Foley's followers thus have completed the most arduous season in the history of a local baseball organization. Starting out with a Chillicothe club, the locals made a clean sweep of the early part of the season, winning the first seven games played.

The eighth start with the Springfield White Sox was a disaster. Curt Free was hammered for 13 safeties, and the locals were whipped for the first time, 7-5. After this starter, everyone started picking on the Cincinnati avenue performers. Middle-

town defeated them 9-2 on the following Sunday but 2 weeks later the locals played the best game of the season, defeating the Indianapolis Reserves by the score of 3-1.

The Springfield All Stars defeated the locals in the next game, and on the Sunday following the balloon went up to never come down. In the game scheduled with the Dayton Norwoods a second rate club, the whole outfit of Reserves, excepting for two or three, failed to show up, and the locals were given a defeat from which they never revived.

The club that took the diamond at the start of the season here was easily the best that ever played under the name of the Reserves. They played snappy ball in the field, supported big Bill Kuntz of Springfield in fine style, and were hammering the old pellet like it was made in Germany.

The club was full of pep and going like a machine gun bullet when the cap blew off and there wasn't enough left of the fighting Reserves to make a basketball team.

The hitting of Kuntz Randall and Weaver throughout the season was consistent and of the top-notch variety.

While no announcement has been made by Manager Foley, it is not expected that the club will start again this season.

ANNOUNCE ENGAGEMENT

Mrs. Mel Jacoby was hostess at a very charming affair at her home at Goes, Ohio, when she entertained the sewing circle of that place Friday afternoon. The time was spent chatting and over needlework.

Dainty refreshments of ice cream and cake were served and then the surprise feature was little cupid place cards on each plate announcing the approaching marriage of her daughter Hallie Mae to William Fisher of Xenia and the time set for October.

All departed at a late hour extending their best wishes to the bride-to-be.

WAS ADVISED TO USE NERV-WORTH BY TWO DOCTORS

Charles F. Johnson Makes Significant Signed Statement.

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "fine medicine." Here is the story as given to the Columbus Nerv-Worth druggist not long ago:

"The Mykrantz Co.—My wife and I have used Nerv-Worth with wonderfully beneficial results. She had been troubled for years with severe nervousness. Pains in the back of her neck. Stomach and digestion in bad shape. Sleepless at night and very much run down."

"I had serious nervous trouble. Tossed about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief as it was effecting my eyesight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous troubles. We both eat and sleep well and enjoy good health. We recommend Nerv-Worth to all. It was recommended to us by two doctors."

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINTY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and snuff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.
